# KILMER'S CANCER COVER-UP!

LOCKED in a battle for his life, devout Christian Scientist Val Kilmer has undergone last-ditch medical treatments in a bid to beat deadly throat cancer, sources have revealed.

The ailing 56-year-old "Top Gun" star has insisted he would rely on the healing power of prayer rather than go under the knife, but insiders spotted a lengthy scar on his throat at London's Heathrow Airport on Feb. 12.

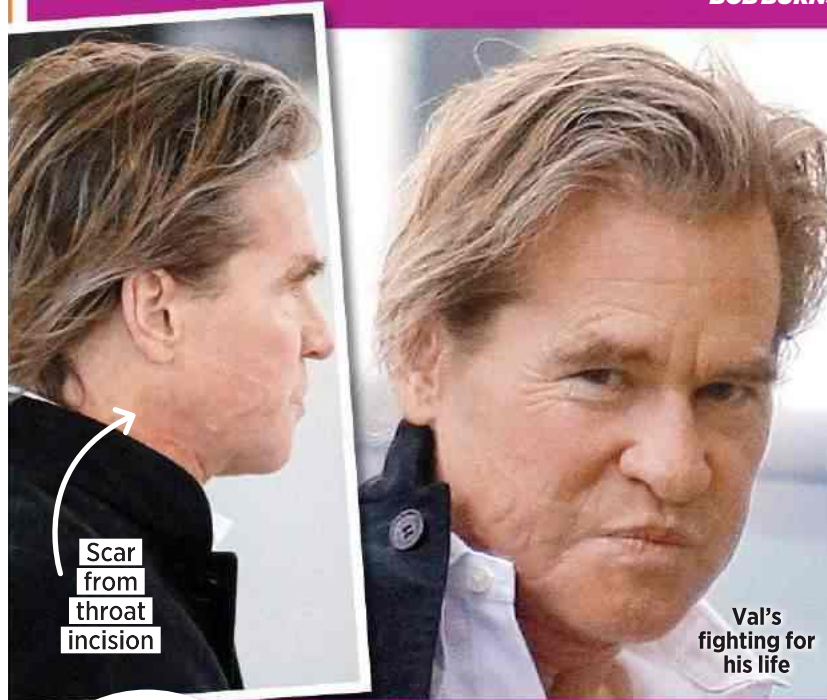

"It's obvious that he's undergone a drastic procedure," a source dished to The National ENQUIRER. "The scar was visible right across his neck."

The "Batman Forever" star has denied he's fighting cancer. But his mom, Gladys Leach, admitted her son had a throat tumor and underwent a tracheostomy — an incision in the windpipe to aid breathing.

While Gladys said Val was "miraculously healed through Christian Scientist treatments," fans have been wondering about his true condition after multiple hospital visits. During a Jan. 26 checkup, after loved ones found him coughing up blood, docs reportedly found a tumor.

Dr. Stuart Fischer, an internist, who hasn't treated Val, told The ENQUIRER: "He looks like he's aged 100 years."

## Brave Michael is losing his battle with Parkinson's disease

**A**T ONLY 54 years old, Michael J. Fox is a tragic shell of his former self and so crippled by Parkinson's disease that he needs help getting into a car.

Exclusive photos obtained by The National ENQUIRER caught the reclusive actor on a rare night out with actress wife Tracy Pollan, mom of his four kids, at the Hollywood restaurant Craig's on Feb. 15.

As Tracy followed, the stricken "Back to the Future" star, whose speech is slurred and who walks with a limp

while dragging his left foot, was put into the vehicle by several helpers.

"It was heartbreaking," divulged an insider. "Michael's bravery knows no bounds. But as the disease takes its toll on his body, even he is beginning to see that his battle is a losing one."

As The ENQUIRER has previously reported, Parkinson's will soon rob him of the ability to walk and force him into a wheelchair.

Experts said it could well happen before he turns 60.

They also warned that

He flashed  
a plucky

besides his body being wracked by the disease, which savages the central nervous system, Michael may also be facing a struggle with dementia.

The ravaging illness, which also can claim boxing legend Muhammad Ali and comic Robin Williams as victims, causes memory problems, confusion and slowed thinking. Robin suffered these symptoms before committing suicide.

"Michael sees every day as a gift, as well as an opportunity to help other sufferers," said the informant. "His Michael J. Fox Foundation for Parkinson's Research has done so much and has raised millions of dollars, but a cure

remains well out of reach."

Michael revealed his battle with the condition in 1998 after having brain surgery to ease his shaking.

Since then he has vowed to stay in the public eye, and has even appeared before Congress and in several TV roles without taking his medication.

Michael's courage has inspired other victims worldwide. The beloved star of hit TV shows "Family Ties" and "Spin City" bravely spotlights his sad symptoms to raise awareness.

He has appeared in over 20 episodes of the CBS drama "The Good Wife" since 2010.

But last year he stirred extra concern among fans when he

made a poignant appearance on the "Late Show with David Letterman," where he "stuttered and stammered" throughout the interview as he "swayed side to side" in his chair.

An eyewitness noted Michael sadly couldn't recall the term he wanted to use when talking about a possible cure.

But his valiant battle against the horror of Parkinson's is inspiring.

"Michael may be down, but he's not out," added a source.

"It was a struggle for him during his rare outing, but as he headed away from the restaurant he even managed to flash a peace sign to his fans from the back of the limo." **NE**

# LOVESTRUCK HARRY'S GONE ALL KOOKY OVER SUKI

A ROYAL chase is on for handsome babehound Prince Harry — and the fox he's hunting is none other than Bradley Cooper's ex!

Insiders told The National ENQUIRER that the 31-year-old playboy prince sent the new object of his affection, model and actress Suki Waterhouse, two dozen red roses for Valentine's Day — and none of the other ladies he's been linked with lately, like American public relations gal Juliette Labelle, received any sort of Valentine token at all!

Suki split with Bradley, 41, last year and has been seeing Prince Harry since they hooked up at a holiday bash in London in December — one that was also attended by pals Margot Robbie and Sienna Miller and Harry's cousin Princess Eugenie.

Suki, 24, has even been to Harry's apartment inside Kensington Palace — but didn't stay the night, according to what royal informants have told The ENQUIRER.

Now, Harry's so besotted with Suki that he didn't even attempt to hide his identity when he sent the holiday bouquet to the beauty.

The roses came with a card that had the letter "H" emblazoned on it — along with a single kiss mark. "Suki knew who they were from straightaway," dished an ENQUIRER spy.

Harry's pursuit of Suki is state-of-the-heart!

Neil Patrick Harris & hubby  
enjoy a smooch in the surf

IT MAY not have been the quickly canceled "Best Time Ever," but variety show host Neil Patrick Harris looked like he was enjoying life with husband David Burtka as the couple frolicked at the beach on the Caribbean island of St. Barts.

After some stretching, some yoga and dipping his toes in the sea,

NEIL'S BEACH WORKOUT ...

... AND YOGA, TOO!

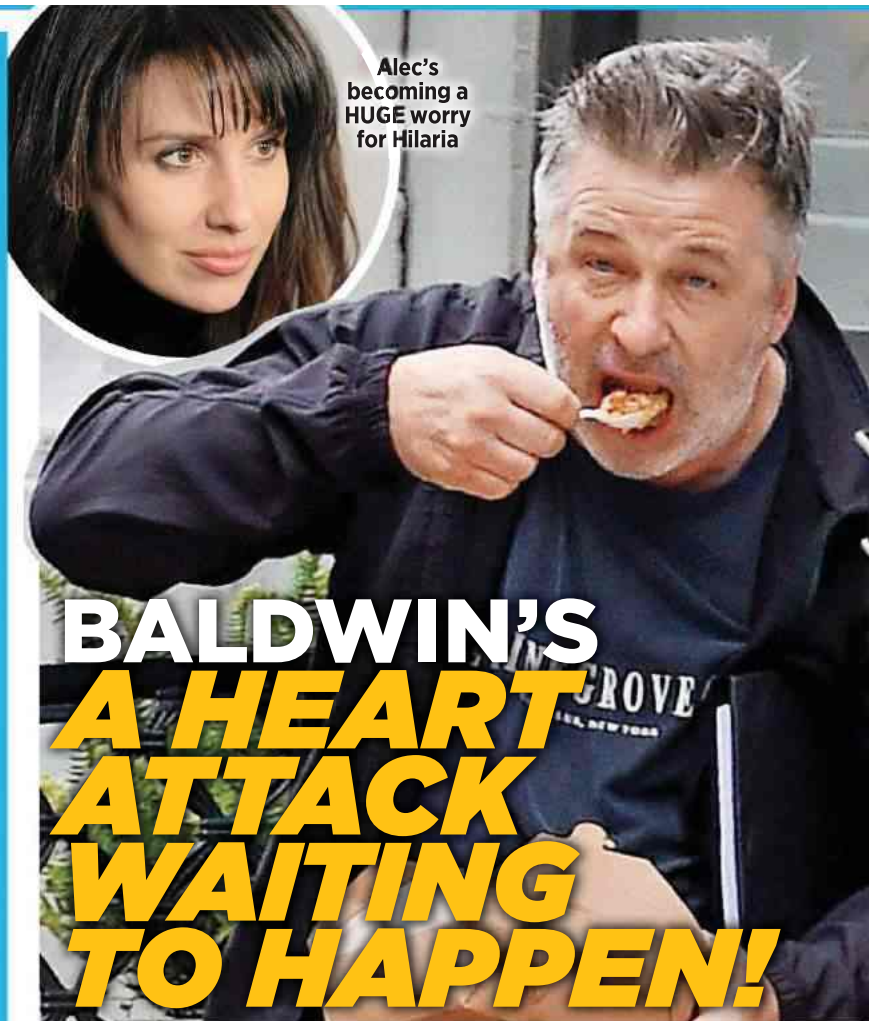

the "How I Met Your Mother" star got David's full attention with a sensual kiss!

The lovebirds, partners since 2004, were legally married in 2014 and have twin children born to a surrogate mother. Neil, 42, soon will star as eccentric criminal Count Olaf in a TV adaptation of the book series "A Series of Unfortunate Events."

Alec's becoming a HUGE worry for Hilaria

## BALDWIN'S A HEART ATTACK WAITING TO HAPPEN!

ALEC Baldwin's hot young wife, Hilaria, is worried sick her once-hunky husband is digging an early grave with a knife and fork.

Bloated Alec, 57, has packed on 25 pounds in recent months!

Now her friends say his health-conscious 32-year-old wife, a yoga instructor, fears Alec's at risk of serious medical issues that could kill him.

"Hilaria is petrified Alec won't live long enough to see his children grow up," an insider told The National ENQUIRER.

The father of 20-year-old daughter Ireland with ex-wife Kim Basinger, Alec has two tots with Hilaria — Carmen, 2, and 8-month-old Rafael. The couple had also planned to adopt a third child, as The ENQUIRER

recently reported.

But pals say Hilaria's terrified Alec's gobbling will leave her a widow.

"Hilaria's begging Alec to give up junk food, start dieting and exercise, and cut back on work," said the insider. "She's scared Alec could have a catastrophic, fatal heart attack."

Alec went on a crash diet after being diagnosed as pre-diabetic in May 2011, as The ENQUIRER previously reported.

At the urging of his 25-years-younger wife, he dropped 35 pounds before their June 2012 wedding.

"The diabetes health scare was a wake-up call," added the source. "But Alec has slipped back into old bad habits. He's gained back the weight, plus packed on another 25." **NE**

WHIRLWIND

LASTS JUST

## MIRANDA ON THE VERGE

DEVASTATED Miranda Lambert is broken up and refusing to leave her house!

The country queen has become a virtual shut-in at her mansion near Nashville following her divorce from Blake Shelton seven months ago, an insider told The **NATIONAL ENQUIRER**.

"Miranda's morose and miserable," the friend said. "Pals are worried that she's on the verge of an emotional breakdown."

"Blake's romance with Gwen Stefani is absolutely destroying her every single day — and every photo she sees of the

lovebirds together makes her cringe!"

The **ENQUIRER** learned the "Over You" singer, 32, is anything but — and, other than performances, has only been seen in public once since the first week in December. A hometown outing to local haunt City Winery was a scheduled concert Miranda dragged herself to.

"She's just so broken up!" the source spilled. "It's like Blake is rubbing her nose in his happiness."

After giving Miranda the big adios, Blake, 39, wasted no time in hooking up

**W**ELL, that was quick! The country boy and the “Hollaback Girl” are through just four months in after Blake Shelton “spied” Gwen Stefani’s diary!

An insider has dished to The National ENQUIRER “The Voice” pair split after Blake’s peepers got the lowdown on Gwen’s secret inner feelings.

“Blake was furious with what she wrote about him,” confided the spy. “Every word Blake read enraged him because he’s pretty thin-skinned.”

The ENQUIRER obtained a copy of some of Gwen’s diary writings and the informant

warned, “When you read it, it’s a cry for help.”

Among the buzzwords in her scribbblings were: “Misery,” “Make Me Like U,” “Asking 4 It,” “Used to Love You,” “Red Flag” and “Me Without You.”

“I was fine before I met you ... I was broken but fine,” Gwen penned.

“It seems that she fears that she’s going to end up alone. She thinks that she won’t have someone to love her, which is odd because she’s just begun a new relationship,” said nationally recognized handwriting expert David Liebman.

Gwen, 46, and Blake, 39, began their whirlwind romance last November following the breakdown of their marriages but The ENQUIRER revealed photos of them looking miserable after a Feb. 3 fight.

The songs on Gwen’s new album are “the truth about what’s really going on behind the scenes” and show how “unsure she feels about Blake,” said the spy.

Cryptically, Gwen recently tweeted, “This is what the truth feels like,” which is the name of her album set to drop March 18.

George agreed to start a family with Amal but hasn’t been trying hard enough

## Amal’s pregnant ploy! LAST-DITCH ATTEMPT TO SAVE CRUMBLING MARRIAGE TO GEORGE

GEORGE Clooney’s lawyer-wife, Amal, is desperate to have a baby to save their marriage, a source told The National ENQUIRER.

“Amal knows unless she manages to get pregnant soon, the marriage is over,” an insider close to the star couple disclosed.

“She’s been speaking with her OB/GYN about why she’s having trouble getting pregnant.

“Her doc assured her she just needs more time with her husband and less stress.”

The Beirut-born beauty, 38, reportedly has reason to be stressed. Sources said their union was a “marriage of arrangement” and not a love match for George.

The 54-year-old A-list

“was tired of being referred to as the proverbial bachelor,” the spy said.

But now that Amal is nearing the big 4-0, she’s intent on starting a family.

“She wanted to get pregnant ASAP because her clock’s ticking,” the source added. “George agreed, told her he loves kids.”

“She also said she wanted a real husband — not a ‘ship passing in the night.’

“He swore he wanted the same things. But ... he ‘lied, lied, lied, lied.’”

Now, Amal is desperate for a tot — but George hasn’t been trying hard enough.

“They barely spend more than a few days together in a row, let alone a few weeks,” the insider squealed. **NE**

Soon after, Miranda was oddly sporting a pink dye job like Gwen used to have. She also added a unicorn tattoo following her Nov. 10th birthday — again evocative of the No Doubt frontwoman.

Since then, the country cutie has tried to paint over her misery with what sources said is a falsetto affair with pop star Anderson East. “Miranda is really hurting,” dished our insider.

# Tom's freaky face: **BOTOX OR JUST BLOATED?**

IS THAT Tom Cruise — or Madame Tussauds' waxy nightmare vision of the A-lister? The "Risky Business" heartthrob shocked fans when he showed up in England Feb. 14 looking either extremely bloated or as if wearing an Alec Baldwin mask!

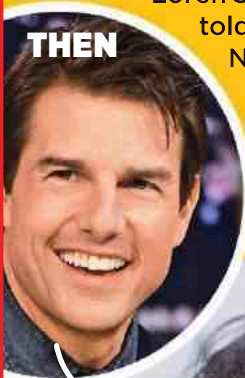

"He seems to have gained volume in his face," world-renowned plastic surgeon Dr.

Loren Schechter told The National ENQUIRER. "This may be from weight gain (or

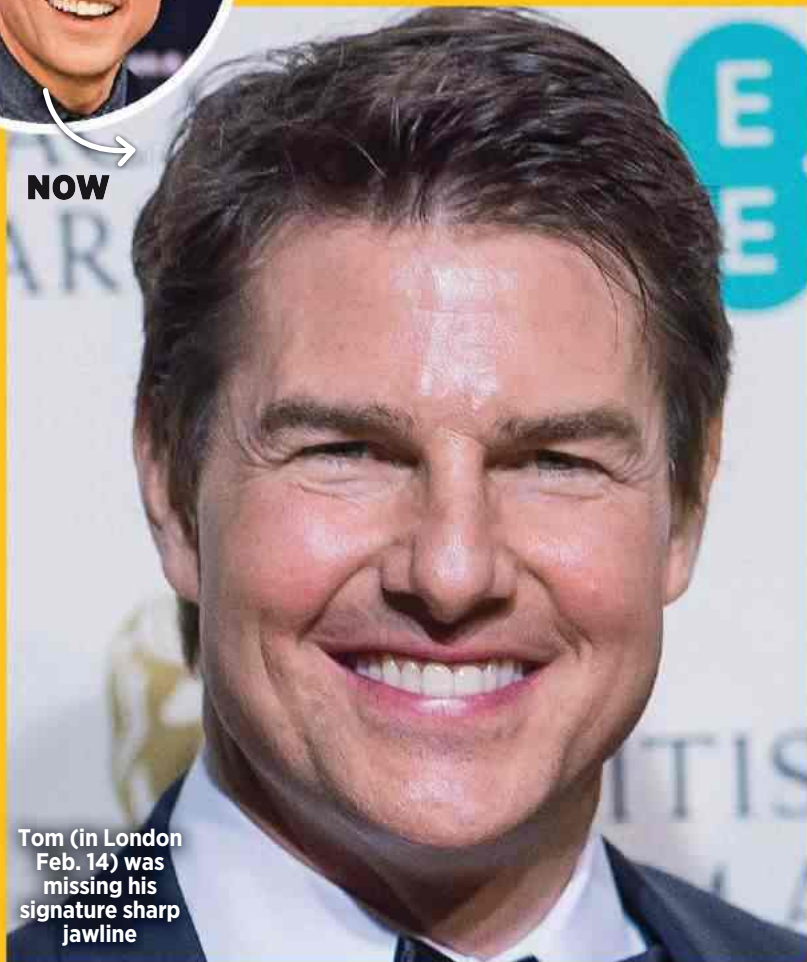

fillers). Hard to tell. ... It is possible that he had Botox to his forehead."

Miami-based plastic surgeon Dr. Michael Salzhauer added: "Tom appears to have gained significant weight in his face. He appears swollen. That can be a side effect of corticosteroids taken for various medical conditions."

Whether bad surgery or packing on the pounds, this setback for his famous mug is bad news for lovelorn Tom, 53, who sources told The ENQUIRER is desperate to find companionship after going stag for such an epic period of time!

"True Blood" stud Alexander and Nic smooched up a storm on "Big Little Lies"

## *Kidman Kiss* **DRIVE KEITH**

**Shocking photos of Nicole's embrace with movie hunk Skarsgård**

**A** PICTURE is worth a thousand words — and these shocking photos could start a war of words for Nicole Kidman!

These sizzling and intimate snapshots will send a powerful punch straight at her often absent husband, country stud Keith Urban!

Amid reports that Keith's wandering eye has pushed the couple's strained marriage of nearly 10 years to the breaking point, it was Nicole, 48, who was busted on camera smooching up a storm with beefcake bachelor Alexander Skarsgård!

An insider said the kiss, captured

during the taping of their new HBO series "Big Little Lies," in which the two stars play husband and wife, was a not-so-subtle dig at Keith.

"Nic has put up with Keith's shenanigans for years, and she's finally decided to give him a dose of his own medicine," revealed the spy. "With Alexander, she's found the perfect way to send him a stark message because he

has a history of hooking up with his co-stars."

Among the beauties the actor has found off-set love with is Kate Bosworth! Sparks flew between the stars while filming "Straw Dogs" five years ago.

Alexander, 39, and Kate dated for two years and he admitted,

Husband Keith has had his own scandals

FIRST TO KNOW

# THAT WILL TH CRAZY!

"We shared a really special experience on that film."

A rep for Nicole denied there was any improper relationship between her and Alexander.

But sources said the scandal couldn't have come at a worse time for 48-year-old Keith because Nicole has been making her career top priority in recent months, including a three-month London stint in the play "Photograph 51."

Keith "flipped out" when he heard Nicole would be away for so long, dished an insider. During a screamfest, she blasted back that he was being "unsupportive."

The couple, who share a \$275 million fortune but have no prenup, are parents to two daughters, Sunday, 7, and Faith, 5.

Adding to Keith's woes is that he's been marred by scandals. Soon after he and Nicole tied the knot in 2006, their marriage was rocked when lingerie model Amanda

Wyatt claimed she'd been sleeping with him throughout his engagement to Nicole.

His rep denied that story, but also that year, The National ENQUIRER reported a porn star told pals she had a wild sex romp with Keith months before his wedding.

He's allegedly been involved in other dalliances, including last November when The ENQUIRER reported he was seen sneaking into a hotel with a mystery blonde — with Nic nowhere in sight!

As for Nicole's smooching, "It was payback time for Nic," confided our insider.

"She relished the chance to lock lips with one of the world's hottest men and send a message to Keith about what he could be missing." **NE**

# Nab the fiend WHO CUT OFF THIS WOMAN'S HEAD!

## Cops baffled by grisly discovery in a frozen field

**C**AN you identify this woman?

For over a year, police have been stumped by the severed head of a woman found in rural Pennsylvania on Dec. 12, 2014.

Lawmen in Economy, Pa., are calling the case the most "bizarre" they've ever seen.

"It's very unique, and we've reached out to multiple agencies and no one has ever come across anything like this," Det. Dan Viscuso told The National ENQUIRER.

Discovered in a frost-covered field, the head was

embalmed with the eyes removed and red rubber balls stuck in the sockets.

The cut along the woman's neck was surgical and precise.

A check of funeral homes, cemeteries and hospitals failed to identify the woman. But water inside the skull revealed she spent the last seven months of her life in eastern Ohio or northern West Virginia.

Said the detective: "We're looking for somebody who can put a name to this woman and give her peace." And also give her justice by catching the fiend who may have killed her!

Casper's engagement attempt with J.Lo was a no-go!

**ENQUIRER  
EXCLUSIVE**

# J.Lo to Casper: GET LOST!

DELUDED dancer Casper Smart asked Jennifer Lopez to be more than just his Valentine on the Hallmark holiday — but it looks as if Cupid still has his work cut out for him!

Insiders told The National ENQUIRER that J.Lo and her former backup dancer are anything but a couple, no matter how many people crazy Casper tells otherwise!

The boy toy “basically proposed marriage,” said one pal about the cringe-worthy campaign of puppy love that went on for hours and hours on Feb. 14.

“He set up a whole Valentine’s Day romantic approach. He told friends he ‘had a huge surprise for her and was going to show her what a real man does for a woman he loves.’”

The ill-fated charm offensive kicked off with four dozen red roses accompanied by “a love note professing his respect, love and adoration for her,” the source said. Casper, 28, then texted Jennifer, 46, a cartoon picture of an engagement ring and followed up with a call that J.Lo didn’t answer — before she called him back to thank him for the flowers, at which point he asked for her hand in marriage!

But Jen, who once dumped Casper after he allegedly cheated with two transsexuals, “shot him right down.”

“Jen never had any intention of marrying Casper,” said the astonished buddy. “If there’s another marriage for her, it will be a smart one.”

EXCLUSIVE**

Johnny with his daughter, Lily-Rose, who turns 17 in May — the same age as Anthony’s daughter when her dad vanished

# MURDER MYSTERY!

**J**OHNNY Depp is at the center of a shocking real-life Hollywood murder mystery!

In a bombshell exclusive, *The National ENQUIRER* has learned cops are still desperately searching for one of Johnny's business partners — who disappeared 14 years ago!

Anthony Fox vanished without a trace — coincidentally just before he was to testify against Johnny in a bitter multimillion-dollar lawsuit!

"I believe if Tony hadn't filed the suit, he would be here today," Donna Lynn, a Los Angeles music producer and friend of the missing man, told *The ENQUIRER*.

"The timing is so suspicious. Tony was about to win that lawsuit, but before he got his day in court, he vanished.

"There are many questions — and no answers."

**ANTHONY WAS 53** when he went missing on Dec. 19, 2001 — days after his daughter, Amanda, turned 17.

He owned a nightclub called *The Central* on Hollywood's Sunset Strip, and partnered with Johnny, then 30.

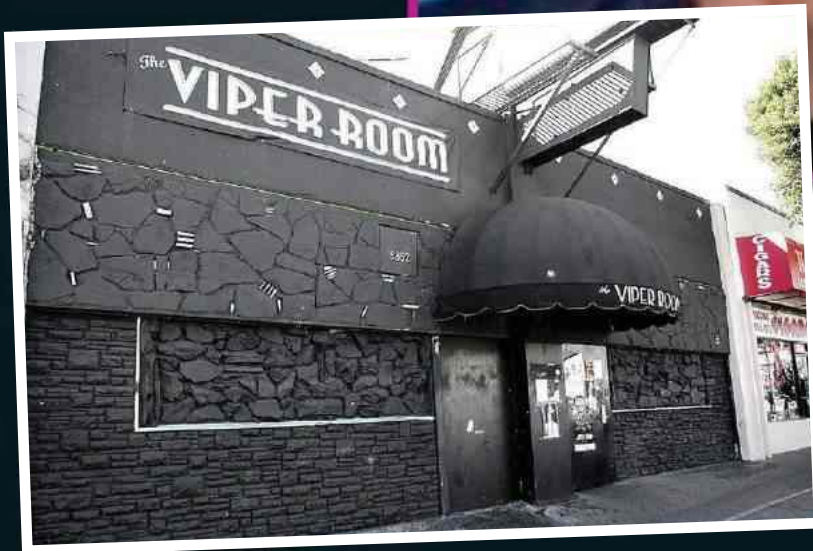

Together they renamed the club *The Viper Room*.

"Johnny planned to turn it into the hippest, trendiest club

on the Strip," said another source.

"But from the beginning, *The Viper Room* was a place where drug dealers flourished."

Tragically, on Halloween 1993, Johnny's friend, actor

River Phoenix, died outside the club after injecting heroin into his veins. He was 23.

After that, Johnny drifted through the '90s in a haze of booze and drugs.

In 1999, Anthony slapped Johnny with a lawsuit alleging the "Edward Scissorhands" actor had conspired to divert millions in profits from *The Viper Room*.

In a preliminary ruling early in 2003, a judge indicated Anthony would prevail in the case, writing: "Depp ...

breached his fiduciary duties. The facts establish persistent and pervasive fraud and mismanagement and abuse of authority."

But shortly before he was scheduled to testify against Johnny and four others, Anthony vanished.

Also missing were his pickup truck — and .38-caliber revolver. A single dad, he also left his beloved daughter, Amanda, behind.

Nineteen days later, on Jan. 6, 2002, his vehicle was

Anthony Fox, co-owner of *The Viper Room*, left, with Johnny, disappeared shortly before he was due to testify against the actor

found abandoned in Santa Clara, Calif. — 330 miles from where he was last seen near his home in Ventura, Calif. His body has never been found.

In 2004, Johnny quietly settled the lawsuit, turning over his share of the notorious nightclub to Amanda.

**NOW, 14 YEARS** after Anthony's mysterious disappearance, Sgt. Matt Cain of the Ventura Police Department's Major Crimes Division stressed: "This is an active endangered missing person's case."

Anthony's friend, Donna, added: "Someone knows what happened to Tony. I can't say what Johnny Depp knows, but when I see him with his daughter, Lily-Rose, who's about the age Amanda was when her father disappeared, I wonder." **NE**

# MURDERED BY A HOOKER!

**Prostitute hired by shady CIA figure injected the jurist with poison**

**I**N A bombshell world exclusive, The National ENQUIRER has learned that U.S. Supreme Court Justice Antonin Scalia's death was a highly planned "political assassination" orchestrated by the CIA and carried out by a \$2,000-a-night hooker!

A top Washington, D.C. source said the Feb. 13 death of the 79-year-old jurist at a remote Texas ranch just 15 miles from Mexico was part of a "shocking conspiracy that tracks back to the CIA and the White House."

"A CIA operative hired

a hooker, who apparently injected Scalia with a needle filled with poison in his buttocks!" the insider disclosed.

Former Secret Service agent John A. Carman chillingly told The ENQUIRER: "This death has all the markings of a political assassination!"

The Justice was killed to keep him from ruling on key upcoming court cases and to stop him from revealing explosive secrets that could rip apart Obama's legacy, sources said.

"Fearing that a Republican president would be elected in November, Antonin Scalia

was killed because they knew he would continue to tip the scales of justice in a conservative way," said the informant. "On top of that, he knew some of the deepest, darkest secrets about the Obama administration."

**THE ENQUIRER'S** probe found that Scalia's body could have easily been flown back to Washington, D.C. for a proper investigation — and three Gulfstream jets that were available went unused.

Instead, the body was secretly delivered to a far-off funeral home where

Scalia's body was embalmed to prevent further analysis

the corpse was embalmed and bodily fluids were flushed away to prevent any further DNA analysis that could discover the poison, investigator Wayne Madsen told The ENQUIRER!

Scalia had strangely declined the company of a U.S. Marshals security detail when he joined others on an all-expenses-paid private party at the high-end Cibolo Creek Ranch, whose past guests include Julia Roberts and Mick Jagger.

Just days before Scalia arrived with a friend at the resort, The ENQUIRER learned that a CIA spy was seen visiting a nearby “whorehouse” across the Mexican border!

An insider at the El Toreo Bar in Ojinaga, Mexico, said the man “was looking for

a girl to keep an older VIP gentleman company — and offering \$2,000 for her time.”

The resort’s owner, John Poindexter, later discovered Scalia’s body in the jurist’s \$800-a-night hotel suite.

The married father of nine was found alone in bed with a pillow over his face.

But before Scalia was found, “a mystery woman” was caught on a surveillance camera, The ENQUIRER has been told.

Without ever seeing the body or ordering an autopsy, a county judge quickly pronounced Scalia dead of “natural causes.”

Author Roger Stone, a former Nixon White House aide, noted, “The CIA has drugs which cause heart attacks,” but it would take an autopsy to detect them. ➤

**TRUMP’S MISSION  
TO UNCOVER  
THE TRUTH!**

PRESIDENTIAL candidate Donald Trump has called tracking down the truth about Supreme Court Justice Antonin Scalia’s death a top priority when he gets into the White House, The National ENQUIRER has learned.

“Donald was rocked by allegations of a cover-up,” revealed a source close to the GOP frontrunner.

“But he’ll get to the bottom of it as President because he’s fearless and owes no one.”

Trump recently hinted that he suspected something fishy about the conservative jurist’s death.

The tycoon described Scalia’s sudden passing as “big stuff,” adding, “It really affects the balance of the court.”

William J. Bennett, host of the “Morning in America” radio show, called Trump the perfect man to expose any conspiracy because he’s not part of the “good old boys club,” unlike other politicians.

“These run-of-the-mill establishment politicians are all puppets owned by big money,” said the pundit. “But there’s one man who isn’t beholden to anyone.

“Billionaire tycoon and maverick Donald Trump doesn’t need anyone’s help ... All the rules are out of the window if Trump wins the presidency.

“They can’t silence him, and they sure can’t intimidate him.”

The high-end Marfa, Texas, ranch where Scalia died

MYSTERY WOMAN...

CAUGHT ON CAMERA!

'It would look like he had a heart attack'

Carman added the prostitute allegedly hired to kill Scalia could have been given a needle filled with the drug succinylcholine.

"It would look like he had a heart attack — and because there was no autopsy, any traces or needle marks would have gone undetected," he explained.

Madsen told The ENQUIRER: "I have a good source that reported the presence of one prostitute at the ranch during one of these 'stag' events."

The government informant

told The ENQUIRER that after Scalia was given the "hot shot," the death scene was staged.

"They found out in advance that Scalia had slept in the past sometimes with a pillow over his head."

"So his body was laid out on the bed and the pillow was put over his face but it was really a red herring. He was already expiring from the secret poison shot."

Little Jackson refused to go to his dance class

## SHAMEFUL CHARLIZE!

MOVIE "Monster" Charlize Theron had a little monster meltdown of her own — in a public parking lot!

These shocking Feb. 18 photos show the 40-year-old blonde, who copped an Oscar for playing a serial killer in the 2003 flick, dragging son Jackson to his dance class, while newly adopted daughter August remained in her car seat.

As the furious 4-year-old tried to flee, the "Mad Max: Fury Road" star seized him by his wrists and wrestled the youngster to the ground.

While firm discipline is crucial, psychotherapist Dr. Gilda Carle, who specializes

in family relationships, said Charlize is wrong by "dictating" instead of "motivating" the lad.

"Get over here! Do this!" She looks like she's yelling at him," noted Dr. Gilda.

"Instead of telling him, she should be selling him on why he's going to dance class. For all she knows, he doesn't like dancing.

"She's got to find out what's on his mind by asking him and letting him talk about his feelings — not dragging him around."

Or maybe the poor tyke is simply embarrassed to be wearing pink ballet slippers in public! **NE**

Melanie — whose divorce from Antonio Banderas was finalized in December — even railed against wedded bliss at the Feb. 3 premiere of Dakota's new movie,

"How to Be Single." "Don't get married, that would be my advice," seethed Melanie, 58, who married four times. "There's no need," she declared, calling marriage "archaic."

But Dakota, 26, disagrees! "Dakota is in love and wants to marry Matt," a snitch shared of her romance with the indie rocker.

"Dakota respects her

mom's point of view, but she wants Melanie to butt out of her love life."

Still, anti-marriage "Debbie Downer" Melanie has no intention of backing down.

"Melanie already warned Matthew that he should forget the idea of proposing to Dakota because she'd never bless their union," the source revealed. "Dakota is worried Matthew is going to dump her because of Melanie's meddling ways."

## 1 The European Wrinkle Pill

**“THIS WILL CHANGE THE WAY YOU LOOK AT ‘ANTI-WRINKLE’ CREAMS... FOREVER.”**

Have you ever noticed how topical cosmetic skin creams always talk about improving the “appearance” of the skin or “visibly” reducing wrinkles? They all contain wussy “appearance” qualifiers, because none of them will claim they change the skin’s structure. (You know who they are, with their \$300 wrinkle creams... go check out their websites if you don’t believe it!) That’s why a revolutionary new “anti-wrinkle” compound is causing such a stir. This oral compound has the power to make your skin younger. Not younger *looking*... actually younger. We’re talking about rebuilding your skin, making it thicker and more dense (think less likely to wrinkle and sag), even decreasing wrinkles... not merely the “look” of wrinkles, but literally decreasing their depth, thereby actually smoothing the skin as it improves the underlying cellular matrix. There’s not a single cosmetic moisturizer, serum, or cream out there that will make those kinds of claims. And because it works systemically (throughout the entire body), it’s

able to improve the skin everywhere, from the face, neck, and décolleté to crepey arms, loose abdominal skin... even buttock sag and elbow wrinkles. It’s sort of like a facelift for your whole body: it works from the end of your nose to the tips of your toes. This unique, total body, anti-wrinkle complex is called UniLastin™, and it’s available exclusively at UniLastin.com or by calling 1-800-648-5541 (promo code **AGEPILL46** gives you free shipping). About \$79.

# 2 Growth Hormone

They can't stop talking about human growth hormone (hGH). It's been featured on *The Doctors*, *The Today Show*, *Good Morning America*, *Fox News*, and *CNN*. *Allure* magazine, in its "Anti-Aging

Special" issue, highlighted growth hormone as its year-end callout. *Shape* magazine began a recent growth hormone article with the provocative lead-in: "When you see a 50-year-old actress who can pass for 35, you can bet that good genes aren't the only things responsible for her youthful glow." But when the United States Patent Office began issuing U.S. Patents<sup>†</sup> to protect an oral compound capable of boosting the body's own production of growth hormone to more youthful levels, the hGH revolution finally went mainstream.

## They can't stop talking about this "fountain of youth"

The compound is being sold under the trade name SeroVital<sup>®</sup>-hgh, and it's quickly gaining an almost "cult-like" following because, let's face it... something that may have the power to reduce wrinkles, tighten saggy skin, decrease body fat, increase lean muscle mass, boost energy, rev up sex drive, and make you look and feel decades — not years, but DECADES — younger is,

at the very least, irresistible... especially when it's protected by not one but eleven U.S. Patents.<sup>‡</sup> But is there a catch? Find out all

the details at

SeroVital.com.

Can't wait to try it yourself? It's

currently available at all Ulta stores, Kohl's, select GNC locations, and direct from the manufacturer at **1-800-903-1525** or SeroVital.com. Use promo code **HGH379** and get free shipping.<sup>†</sup>

# 4 Can't Sleep? IT MIGHT BE STRESS RELATED SLEEP DISORDER™ (SRSD)

On any given evening, more than 100 million Americans have a hard time getting a good night's sleep. And almost half of those people can't fall asleep or stay asleep because of stress and something we call Stress Related Sleep Disorder (SRSD).

What's worse, when you don't get enough sleep you become more stressed, and a vicious cycle begins. Ultimately, the results can be the classic signs of getting older: fatigue, lack of focus, irritability, poor memory, and moodiness.

Unfortunately, many of us are taking the wrong kind of sleeping pill... one that does little or nothing to combat SRSD and can leave you feeling "hungover" in the morning. But all that's changing thanks to Relacore Deep Sleep. It's the first and only sleep aid specifically developed to break the sleep-stress cycle and address SRSD... and it's helping Americans fall asleep quickly and wake up rested and ready to take on your day. If you're ready to finally get some sleep, contact Carter-Reed at **1-800-460-2567** or online at RelacoreSleep.com. Use promo code **SLEEP40** and get free shipping.<sup>‡</sup>

# 5 Reshape your entire body in 30 days?

If you haven't heard about Vysera<sup>®</sup>-CLS yet... you definitely will... and very, very soon. Why? Because as incredible as it sounds, groundbreaking research has just identified a compound that can not only help you lose weight, but can actually reshape your entire body, reducing waist size, hip size, thigh and buttock circumference, belly bulge and... last but not least... cause a significant loss of actual fat mass from all over your body. But that's not all. In addition, we've added a proprietary mood-elevating, feel-good energy component to help eliminate diet fatigue and get you through the day with a smile on your face (another added benefit).

So, has the "miracle pill" finally arrived? As one article said, taking Vysera is sort of like "eating a whole donut and only absorbing a fraction of the calories." How's that for amazing? (Of course, we don't advocate eating a donut as a meal, and this example is used for illustrative purposes only.) Vysera-CLS is available at Kohl's, GNC, and at VyseraCLS.com or call **1-800-591-4515**. Use promo code **VYSERA199** and shipping is free!<sup>†</sup>

# WAGNER NATALIE WOOD

ENQUIRER  
WORLD  
EXCLUSIVE

The slain beauty's sister confronted her former brother-in-law but Wagner refused to answer her questions about Natalie's mysterious death

Robert hid the truth when  
*confronted by her sister*, say experts

**I**N AN explosive public confrontation, actor Robert Wagner unwittingly revealed he murdered his movie-siren wife, Natalie Wood, 34 years ago, claimed experts who spoke to The National ENQUIRER.

The shattering revelation came in a showdown between Wagner, 86, and Natalie's sister Lana, 69, at a Hyatt Regency hotel near Palm Springs, Calif., where he was attending a Feb. 12 awards ceremony for his actress-wife, Jill St. John.

The former star of the "Hart to Hart" private eye series didn't know he was being secretly videotaped when Lana hit him with the bombshell challenge: "Why won't you speak to the detectives?"

Barked Wagner, "Lana, why would you even bring up anything like that?"

Then, he furiously snapped: "I have talked to everybody. You have accused me! ... You have accused me of murdering her!"

As Lana stood with tears running down her cheeks, Wagner stalked off, saying: "I have stopped and said (to you) what happened."

**WAGNER WAS** onboard the Splendour with Natalie, 43, and Christopher Walken, her leading man in "Brainstorm," when she vanished from the boat the night of Nov. 29, 1981. She was later found drowned off California's Catalina Island.

Wagner has insisted he's innocent of harming her. But sources said he's

stonewalled cops in their investigation by refusing to answer questions.

The ENQUIRER showed the video of the encounter to renowned voice stress analyst Michael Sylvestre.

He said the aging "Prince Valiant" star was not telling the truth!

"When he happened to mention 'murder,' he was highly agitated — there was quite a bit of stress in his voice," Michael told The ENQUIRER.

"He knows why she is accusing him. She wants that answer and he is not giving it to her! He knows why he is being accused. It's a possibility that he is expressing some form of guilt."

Top body-language expert Susan Constantine also viewed the video and told The ENQUIRER Wagner is "concealing information" by refusing to answer Lana's questions.

Susan noted Wagner calling Natalie "her" — when he complained about being accused of "murdering her" — was a red flag.

"In all of my investigative training, what we have found is that when a person has murdered their spouse or child, they will call them 'her' or 'him,'" she explained. "They don't name them by their name as if to distance themselves from the person."

A law enforcement source told The ENQUIRER police could use the "murder confession" to force Wagner to finally fess up about the tragedy.

L.A. County Sheriff's homicide division Lt. John Corina, who is heading a new probe into Natalie's death, previously told The ENQUIRER

# WAGNER'S LIES OVER WOOD'S **MURDER!**

The couple in far happier days; Lana, right, at her sister's grave

Wagner has been uncooperative because “he probably feels like we’re looking at him as a suspect.”

But Wagner’s lawyer, Blair Berk, has said the actor has “fully cooperated” with police and has vehemently denied any wrongdoing.

Frustrated Lana finally penned an open letter — published in *The ENQUIRER* — begging the Los Angeles District Attorney’s Office to press charges against her former brother-in-law.

But she never got a response.

So she felt she had “no other choice” than to track down Wagner and ask him to “come clean” in the Feb. 12 confrontation.

**NATALIE’S DEATH** was originally ruled an “accidental drowning.” But in 2012, the cause-of-death ruling was changed to “drowning and other undetermined factors” citing strange bruises that were found on her body.

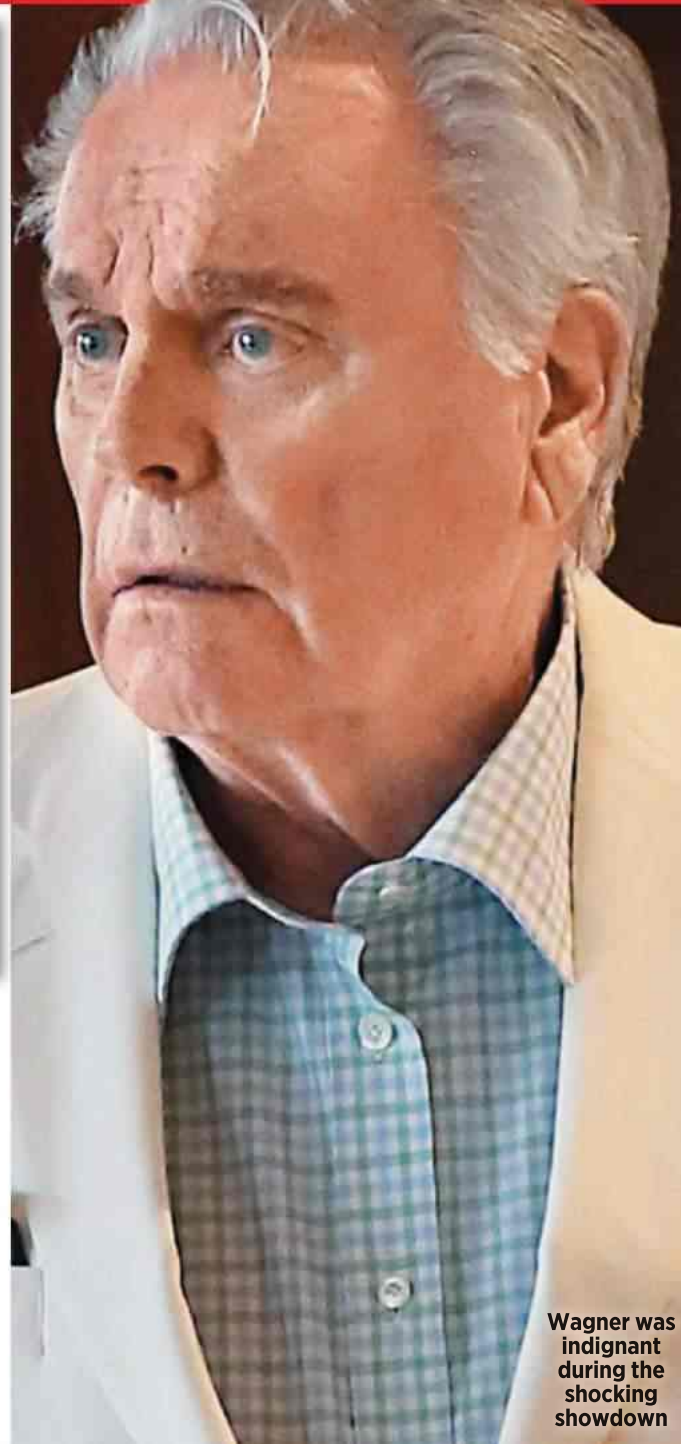

Splendour captain Dennis Davern has said a jealous Wagner had a

violent fight with Natalie before she vanished from the boat. He also claimed Wagner delayed her search.

Investigative journalist Kathleen Hewtson told *The ENQUIRER* she discovered Natalie was beaten so badly, an earring was later found with a piece of her earlobe clinging to it!

Lana told *The ENQUIRER*: “I want him (Wagner) to go to the police, cooperate with the detectives. I don’t know why he won’t do this!” **NE**

## MANAGING ARTHRITIC PAIN

PRESCRIPTION and over-the-counter pain relievers are normally effective in relieving the agony of arthritis, but there is something else you can do to help yourself! Physical therapy strengthens the muscles that support your damaged joints, helps reduce joint stiffness and increases your range of motion. By attending sessions, you'll also gain insights on proper stretching techniques and exercises. Consult your physician to find a physical therapist who'll be best for you!

## WHEN SHOULD I GET A SECOND OPINION?

YOU may have faith in your doctor, but it's ALWAYS good to get another opinion when the situation is serious — especially if treatment is risky or potentially toxic. Make sure to speak to a second medical expert if the diagnosis is murky, or the treatment is considered “experimental” by the FDA. You can ask your own doctor to recommend a physician for the second opinion, but it's key to get a truly independent point of view.

## HUGH'S SKIN CANCER NIGHTMARE

HUGH Jackman has some important advice for skin protection. And he ought to know. The 47-year-old Aussie actor is facing his FIFTH bout of skin cancer! “Wear sunscreen, get checkups, because it's a completely preventable disease,” said Hugh, who has basal cell skin cancer, the least threatening form of the condition. Wear sunscreen with the highest SPF available, and not only on the beach! The sun's rays are strong enough to cause skin problems — even walking the dog! So slather up!

The “Wolverine” star faces a deadly foe!

## THE RISKS OF WEIGHT LOSS SURGERY

GASTRIC bypass and lap band surgery seem like miracle solutions, but they come with risks. Side effects can include bleeding, infection and blood clots that can stop circulation to the heart. Another common risk is “dumping syndrome,” where food moves too quickly through the small intestine, causing nausea, diarrhea and dizziness. Rapid weight loss can also cause gallstones. Make sure you exhaust all your options before going this route!

## » PUTTING A FINGER ON GOOD NAIL CARE!

EVERY woman wants healthy and attractive nails. Take care of them as you would the rest of your body — with a healthy diet and plenty of sleep and exercise. It's key to keep them clean, take periodic breaks from polish and avoid acetone polish remover. Moisturize daily and never cut cuticles. Also, use a nailbrush to clean! Be alert for thickness, discoloration, bleeding, swelling and pain — they could be a tip-off for bigger medical problems like diabetes, kidney issues or thyroid problems! And NEVER bite!

## » WEIGHT GAIN MYSTERIES SOLVED!

IF YOU'RE dieting and exercising and still not losing weight, the answers may lie elsewhere. Lack of sleep causes changes in hormones that increase hunger and appetite. If you're taking antidepressants, be aware they often cause weight gain ... as do steroids. Menopause is also a common culprit. People who quit smoking often gain weight, too. If none of these factors pertains to you, consult your doctor to determine whether there is a medical reason that needs to be addressed!

Help! The iconic musician has to relearn his lyrics, sources revealed

# McCartney LOSING HIS MIND!

**Former Beatle forgets his songs as Alzheimer's creeps in, say pals**

**A**GING music legend Paul McCartney is fighting the battle of his life against the dreaded Alzheimer's disease, friends fear!

The beloved 73-year-old ex-Beatle is telling pals he's having trouble remembering the melodies and lyrics to some of his songs — and friends say he doesn't even recognize his former bandmate, Ringo Starr, *The National ENQUIRER* has learned. "Paul says he can't

remember the words or tunes to many of the songs he made famous," a pal revealed.

"He says there are just too many of them, and he has to relearn some of them before he tours."

A source told *The ENQUIRER* the former mop-top, who released an album in 2007 that was ironically titled "Memory Almost Full," has been secretly hospitalized several times as doctors work to get a full diagnosis of his condition.

"He's been doing different tests and being evaluated to see if he has Alzheimer's or some other cognitive problem," the informant dished. "His memory loss is a great concern to him — and to his family!"

"He's got the resources to get a proper diagnosis, and then take care of whatever it may turn out to be — whether Alzheimer's, Parkinson's, early dementia or just normal memory loss from aging."

Sir Paul, who's wed to third wife Nancy Shevell, 56, has confessed he's having trouble with his memory.

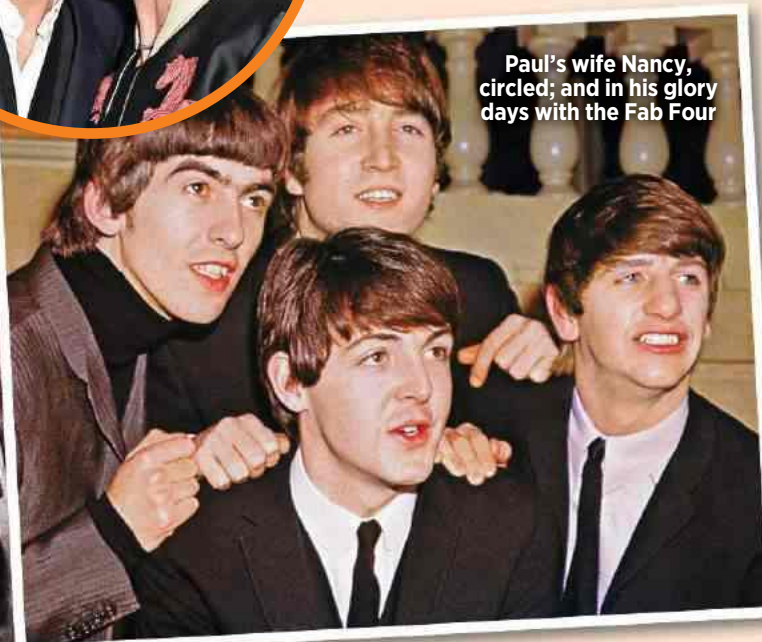

"To tell you the truth, I don't really know my songs," he said. "There are certain ones that I can conjure up. But really the truth is, people say, 'Go on, do that one — and I say, 'Sorry, I have no idea how it goes.'"

The insider said things have gotten so bad Paul recently had trouble recognizing a photo of former Beatle drummer Ringo!

"Thankfully, Paul's having himself checked out. He's NOT living in denial," added the source. **NE**

# 'MY WORST FEAR IS I'LL END UP LIKE NICOLE!'

**O.J.'s former lover reveals her terror at the prospect of his release from prison**

**ENQUIRER  
WORLD  
EXCLUSIVE**

A knife similar to the murder weapon

Blood-soaked gloves at the crime scene

O.J. claimed the gloves didn't fit

O.J. Simpson's former galpal Christie Prody has revealed the disgraced football great repeatedly confessed to murdering his ex-wife, Nicole Brown Simpson, and her pal, Ron Goldman!

And she fears she'll end up like Nicole — dead!

A dead ringer for the victim, Christie dated O.J. on and off for 13 years beginning in 1995, a year after the vicious slayings.

While he was acquitted at his trial, now being reprised on the FX TV miniseries "The People v. O.J. Simpson," Christie told The National ENQUIRER that O.J. admitted being a murderer countless times during "marathon cocaine binges."

"O.J. killed Nicole," revealed the 40-year-old beauty.

"All during the course of our relationship, O.J. was confessing by telling me details only the killer would know."

O.J. also "maniacally" re-enacted scenes from his murder trial — and even pretended to cross-examine witnesses!

Shockingly, the Juice blamed Nicole

Christie started dating O.J. in 1995, a year after the murders

for her own death — and told Christie that his ex pushed his buttons and "drove him crazy."

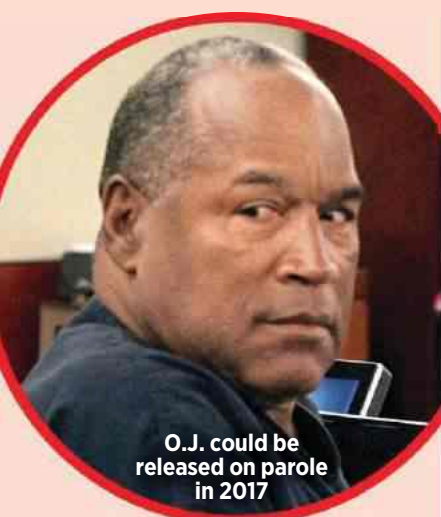

The coked-up jock blamed the bloodbath on two men, she recalled. But his detailed descriptions made her see he was talking about himself, she explained in the bombshell exclusive interview.

Christie also told how during his rants about the crime, he'd refer to himself in the third person — "saying, 'O.J. did this' or 'O.J. did that.'"

He even described to her how Ron was slaughtered with a knife after seeing Nicole's blood all over the steps in her backyard.

"Finally, Goldman slumped over with his eyes open," she said O.J. chillingly told her.

O.J. could be released on parole in 2017

Christie also confessed she's living in terror that O.J. will be sprung from prison next year and stalk her like he did Nicole. "My worst fear is that I will end up like Nicole — killed by O.J. because he can't let go!" she said.

Christie has good reason to fear the jealousy-riddled control freak. The ENQUIRER reported last week how he savagely battered Nicole and mentally abused her.

Now Christie has revealed that before he was jailed in 2008 for armed robbery and kidnapping, O.J. viciously beat her, too. She was found unconscious with a head wound and bruises at a Miami gas station. At the time, she was 32 and he was 60.

Christie claimed not to know what had happened — "but her friends believed Simpson was responsible," according to a source.

Christie has had troubles with the law, too. In 2013, she pleaded guilty to a burglary charge and was sentenced to 45 days behind bars.

"I will always love him," she admitted. "O.J. is so arrogant, I have no doubt he believes he could get away with murder a second time." **NE**

Henry Cavill, 32, is donning the cape and suit for a second time after 2013's hugely successful reboot film "Man of Steel"

## THE CURSE OF SUPERMAN!

### Tragedy ALWAYS strikes the movie franchise's actors

**C**OMMON sense has it that bad things happen when men play God — and perhaps that goes some way to explaining one of the most mysterious phenomena in Hollywood!

With "Batman v Superman: Dawn of Justice" premiering March 25, the dreaded

"Superman Curse" is again resurfacing for anyone playing the character or even appearing in the Man of Steel movies. Let's hope current Superman Henry Cavill is feeling okay — because as you can see, bad things just seem to happen to stars connected to the movies!

**KIRK ALYN** was the first actor to play Superman in 1948. He sadly developed Alzheimer's disease, although he did live to be 88.

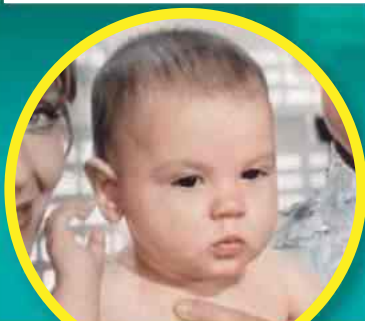

**CHRISTOPHER REEVE** played Superman in four films. But in '95 he fell off a horse and was left a quadriplegic until his death in 2004.

**BUD COLLYER**, who portrayed the Man of Steel on the radio in 1940, died when he was only 61 after developing a circulatory ailment.

**MARGOT KIDDER**, who played Lois Lane in 1978, was involved in a serious car crash, and later diagnosed with bipolar disorder.

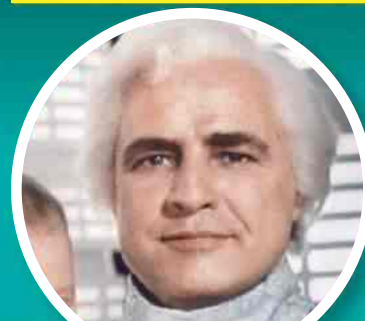

**LEE QUIGLEY** was a British actor whose only role was playing Superman as a baby in 1978. He died shockingly at just 14 after inhaling solvents.

**GEORGE REEVES** starred in the '50s TV show "Adventures of Superman." He died of a gunshot wound that was ruled as suicide, but some say he was murdered!

**RICHARD PRYOR** was struck with MS three years after "Superman III." He died of a heart attack at 65 after reportedly losing the ability to speak.

**MARLON BRANDO** barely worked in movies after playing Superman's Dad in 1978, gaining a ton of weight and developing diabetes.

## Sly's the ONLY choice come Oscar night!

SOME say the Best Supporting Actor category at this year's Oscars is a tough category to call, but to us, Sylvester Stallone knocked out the competition on every level! Reprising his role as Rocky Balboa in "Creed" — on this occasion coaching the son of his rival turned friend while weathering grave illness — the veteran actor delivered an expertly nuanced performance, both vulnerable and gutsy, that was the true heart of the film, driving audiences across the country to their feet by the triumphant climax.

It's clear the star has Hollywood heavyweights behind him, too. When he won in the same category at the Golden Globes in January — incredibly, his first major acting award in a nearly four-decade career — Sly took the stage to a sustained standing ovation from his peers. At the National Board of Review Awards gala just days prior, Best Actor Matt Damon praised him from the podium, saying that the story of Sly's perseverance early in his career (convincing studio execs to let him star in the original "Rocky," which he'd also written) "changed my life."

Sly's turn as Rocky in "Creed," below, in which he coaches Apollo Creed's son, could finally earn him a well-deserved Academy Award

Perhaps most revealing, however, has been Sly's abiding humility. Though he's famous for playing daredevils and killers, his true character — humble, hardworking, ever the gentleman — has shone through. "Creed" writer-director Ryan Coogler said he was "blown away" by Sly's generosity while filming, noting "I never left a meeting without him giving me some kind of gift, whether it was a physical gift or some kind of advice."

If the Academy voters get it right on Sunday, Feb. 28, then the coveted statuette won't change Hollywood's impression of Sylvester Stallone so much as solidify it: Like the iconic character he created in 1975, Sly will be living the ultimate comeback story — and claiming a title he rightfully deserves! **NE**

## Letter OF THE week Super-skeletal Angie

I thought Angelina Jolie was doing all she could to ensure she would be around to see her children grow up ("Anorexic Angie Wasting Away," Feb. 8). From her latest pictures, it looks as if she doesn't care anymore. Seems career comes first, the kids come last. Wake up, Angie. Time waits for no one.

## Korruppted Kris

Kris Jenner knew darn well that Nicole Brown Simpson was being severely beaten by O.J. for years ("Kris' Shameful Abuse Cover-Up," Feb. 15). They always hung out and were the best of friends.

—Robert B., Eastpointe, Mich.

## Stars lost too soon

I'm still so saddened by the deaths of Whitney Houston and Bobbi Kristina Brown ("Double Death Cover-Up," Feb. 8). They both left this world so soon. They were vibrant and talented. The investigators need to work harder and make the arrest(s) so that justice is served.

# ASK THE VET

WITH **DR. JEFF LACROIX**

Owning a pet can be a rewarding but often puzzling experience. ENQUIRER columnist, top veterinarian Dr. Jeff LaCroix, answers questions about your four-legged friends.

## WHEN TO SPAY A CAT

We adopted a stray cat a few months ago. She is OK with living indoors so we suspect that she was, at one time, someone's indoor pet. We know she is female, but we have no idea if she was spayed or not. We guess not because her recent behavior suggests she is "in heat." When can we get her spayed so that life can be peaceful again?

■ The period of estrus ("in heat") is variable because cats are induced ovulators. This means that the act of mating triggers ovulation and terminates the signs of estrus. Unless there is a male cat around to fulfill this role, estrus can last for several days and begin once again in a few days or a few weeks.

Your stray can be spayed at any time. However, the blood supply to the uterus and ovaries is greater during estrus, so most veterinarians choose to spay when a cat is not "in heat."

Send questions to Ask The Vet, National Enquirer, P.O. Box 3267, New York, NY 10008-3267, or email [letters@nationalenquirer.com](mailto:letters@nationalenquirer.com).

**TAURUS** APRIL 21-MAY 21 Be cautious of who you put your trust in to get the job done. You may be counting on the help of other people to get important projects accomplished. They are apt to let you down. Have a back-up plan. Anticipate plenty of indulgences this month.  
**Lucky Numbers:** 3, 6, 11

**GEMINI** MAY 22-JUNE 21 Careful consideration should be implemented when making a large financial decision this week. Otherwise, you could put yourself at risk, at least temporarily, for a mild money crisis. But by next month, all is rosy.  
**Lucky Numbers:** 4, 18, 21

**CANCER** JUNE 22-JULY 22 A family member shares a special memory that touches your heart. The moment will prompt you to gather the clan (both near and far-flung) together to spend more quality time in your home. You recognize just how important it is to be close-knit. **Lucky Numbers:** 4, 13, 40

**Lucky Numbers:** 2, 11, 22

**SCORPIO** OCT. 23-NOV. 21 Many people seem to be judging you or, at least, your motives. It's no wonder you are questioning whether you are on the right path. **SAGITTARIUS** NOV. 22-DEC. 21 A glorious week awaits you. You will spend part of it with someone you love in romantic bliss. A second chance to right a wrong also presents itself. You will feel great about almost everything unfolding now.  
**Lucky Numbers:** 1, 2, 5

**CAPRICORN** DEC. 22-JAN. 20 You could get tripped up by the tiniest of details this week. Don't sweat the small stuff. It would be best to look at the big picture rather than get rattled by little things that drain your energy. Spirits are high toward the end of the week.  
**Lucky Numbers:** 6, 24, 33

**AQUARIUS** JAN. 21-FEB. 18 The more change you're open to, the more successful you'll be. You may feel as if your life is moving at a fast pace. It is! Now it's up to you to grab that brass ring while you have the chance. Take advantage of a break coming up by learning something new.

# CLOSE ENCOUNTERS OF THE RAUNCHY KIND!

**E**ARTH girls are easy and their mates are super space studs! The Hybrid Baby Community is a group of women that claims members have not only had sex with aliens but have also given them children — who are now galaxy-hopping with their dads through space.

The community believes that aliens have been visiting our planet to harvest DNA from humans in order to combine the very best of Earth and alien traits, using artificial insemination or sexual intercourse.

Not only that, they say the little green men are dynamite in the sack!

Bridget Nielson (no, not the “Red Sonja” actress) said sex with her far-flung lover was to the moon — and that other Earth women are missing out!

**Women claim ‘out of this world’ sex with aliens**

“It was an incredible, super-primal, super-raw sexual experience,” gushed the 27-year-old Arizona resident. “The best sex I ever had.”

Another woman, Aluna Verse, 23, a video game designer and mother of three, confirmed that close encounters with aliens had her seeing stars! She claims to have been taken aboard a spaceship by a randy E.T. before conceiving in a dream state.

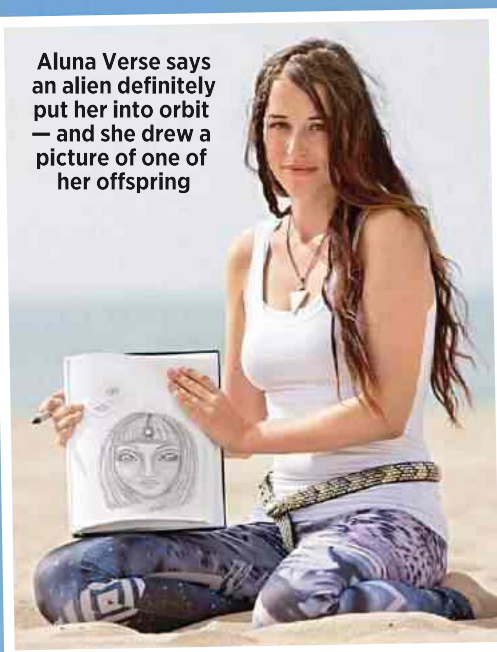

“I was in a classroom setting with other humans,” recalled Aluna. “All of a sudden, I’m next to this green reptilian creature and immediately I’m so sexually turned on. I was very surprised. We’re making love in this classroom in front of everyone.”

The two ladies claim to have given birth to a combined 13 hybrid babies, although they’ve never actually met their orbital offspring. “People say we are crazy,” admitted Bridget, who has struggled with relationships, and whose own mother doesn’t believe her “Twilight Zone” tales. “But we’re not. This is really happening to us.”

So while ordinary Earthlings seek out-of-this-world sex, these spacy hybrid baby moms belong right at the top of the Odd List! **NE**

Her big blastoff with aliens belongs in the X-rated files, claims Bridget Nielson!

Aluna Verse says an alien definitely put her into orbit — and she drew a picture of one of her offspring
